

PUBLICATIONS

As the ASF's primary publication, *Scandinavian Review*, reaches an audience of more than 10,000 Associate members, subscribers, donors and other interested readers throughout the United States, Canada and Europe. The preeminent English-language publication devoted to contemporary Scandinavian affairs and culture, *Scandinavian Review* has been published continuously since 1913. Its articles provide its readers with information about social, cultural and political developments in the Nordic countries.

Three issues of *Scandinavian Review* were published during each of the two fiscal years: 2002 and 2003. The Autumn 2001 was a special 90th Anniversary issue that celebrated the many accomplishments of the ASF throughout its history.

ASF's quarterly newsletter, *Scan*, reported on ASF activities and provided information on Nordic events nationwide. The *New York Calendar of Nordic Events* was prepared for members in the tri-state area, and the annual newsletter, *The Longboat*, was published for ASF Former Fellows.
